Q&A Session (1 hour)

After this course, you will benefit from a free Q&A session with your trainer. Try out your newly acquired skills in your everyday work and ask your questions afterwards.

Key Learnings

- Basic operation of the most popular publishing programs
- Overview of Adobe Creative Cloud and its services
- Gaining personal experience with hands-on project work
- Gaining an overview of publishing workflows

Methodology & didactics

- Informative, exemplary and practice-oriented teaching sequence.
- You start with one day each of Illustrator, Photoshop and InDesign.
- In the following two days, you will deepen your knowledge of the programs and apply what you have learned in project work. The creation of PDFs for print and web is integrated.

Q&A session (1 hour)

Following this course, you will benefit from a free Q&A session with your trainer. Try out your newly acquired skills in your everyday work and ask your questions afterwards.

Target audience

The training is aimed at marketing employees, career changers and anyone interested in publishing.

Additional information

Information on room equipment

We will provide you with a Windows device for this course (in presence format). On request, we will be happy to provide you with an Apple computer in Zurich, Bern and Basel. Please let us know in advance by sending an email to info@digicomp.ch.

Before the course, we will provide you with external course materials for download. Please bring your own laptop so that you can work with the course materials during the course.

For virtual participation, we recommend the use of an additional monitor (not just a laptop) so that you can fully follow and participate in the lesson.

The Adobe Creative Cloud software will be made available to you without restriction in the course rooms during the course. However, it is not possible to use the software via the Digicomp licenses from home during the course.

Advanced courses

After this course you will be ready for the following advanced courses: «[Adobe InDesign CC](#)», «[Adobe Illustrator CC](#)», «[Adobe Photoshop CC](#)» and «[Adobe Acrobat DC](#)».
