The course content/learning objectives are based on the official syllabus.

- Defining the key concepts, principles, value and challenges of these five management practices of ITIL® 4
- Ensuring stakeholders understand the strategic and operational requirements to create value together
- Integrating the practices into the organization's value streams
- Understanding the interfaces and synergies between these five practices
- Applying metrics and success factors to improve performance
- Measuring, evaluating, and evolving these practices using the ITIL® maturity model

Methodology & didactics

The course requires an additional time commitment outside of class of at least 20 hours (reading the book and repetition/homework).

The course consists of three days of interactive training consisting of presentation and group exercises. Please reserve evenings during the training for repetition and/or minor homework. The preparation and completion of homework will contribute significantly to exam success.

Target audience

This training is suitable for anyone who wants to get more practical know-how on operational ITIL® practices. This includes operational leaders and process managers.

Requirements

The «ITIL® 4 Foundation» certificate is a prerequisite for this course. If you do not yet have this certificate, attend the following course:

- [ITIL® 4 Foundation compact course \(«IT4»\)](#)

Certification

The exam is available in English only. The course materials and official literature are also available in English only.

You will receive a voucher for the online exam via email from PeopleCert a few days before the course starts. The exam voucher must be redeemed directly with PeopleCert, where you can register for an available exam date. The online exam is proctored by a PeopleCert proctor, which requires a device with a microphone and camera. We recommend taking the exam on a private PC/notebook, as company notebooks are often subject to certain restrictions.

For more information about the exam, please visit the PeopleCert website [here](#).

Format: Closed book, multiple-choice exam questions, number of questions: 60, pass rate: 65% (39 points out of 60), duration: 90 minutes, no aids allowed

If you also successfully pass the course [ITIL® 4 Create, Deliver and Support](#), you will receive the certificate «ITIL® 4 Practice Manager».

Under [this link](#) you will find more information about the complaint management of our certification partner and your rights.
