

ITIL® 4 Specialist: Drive Stakeholder Value («ITDSV»)

In this seminar, you will learn how to design services in such a way that you achieve maximum added value for the customer.

Duration: 3 days

Price: 3'600.–

Course documents: Official courseware (English) & official Axelos book (digital) incl. exam voucher

Content

The module covers all types of engagement and interaction between a service provider and its customers, suppliers and partners. It explores the individual steps organizations can take to drive stakeholder value, including (but not limited to) cultivating relationships, understanding markets and stakeholders, and capturing and realizing value. The module also addresses the transformation from demand to value through IT-enabled services, giving participants the tools they need to increase stakeholder satisfaction and gain a competitive edge. It can be used and adapted in all types of organizations and helps to achieve an effective service relationship at an appropriate level.

1. Customer Journeys

The course contents/learning goals are based on the official syllabus of Axelos.

Key Learnings

- Development of a customer journey
- Ability to target markets and stakeholders
- Successful management of stakeholder relationships
- Identify service providers and explain their value propositions
- Ability to align expectations and agree upon details of services
- Organization of entries and exits of customers and users
- Ability to work together to ensure continual value co-creation (service consumption/provision)
- Realization and validation of service values

Methodology & didactics

The seminar requires at least 20 hours of additional time outside the classroom.

The course consists of a three-day interactive course consisting of presentation and group exercises. Please keep the evenings free for repetitions and/or smaller homework. The preparation and processing of the homework will contribute significantly to the success of the exam.

Target audience

This module is aimed at people and organizations involved in service relationships and actively shaping the Customer Journey. Anyone who manages and realigns collaboration and coordination with suppliers and partners. Employees who design, plan, review and optimize products and services or are responsible for transition, release and validation of new products and services. Target audience includes, but is not limited to:

- Service Delivery Manager
- Service Desk Manager
- Service Level Manager
- Service & Solution Architect
- Business Analyst
- Enterprise Architect
- Product Owner & Digital Product Manager
- Project & Portfolio Manager
- Supplier / Relationship Manager
- Customer experience (CX) Manager / Designer

Requirements

The «ITIL® 4 Foundation certificate» is a prerequisite for the course. The «ITIL® Foundation 2011» certificate is not sufficient. If you are not yet in possession of this certificate, please attend the following course:

- [ITIL® 4 Foundation compact course \(«IT4»\)](#)

Certification

You can book the exam in English or German. The courseware is in English and the official literature is in either English or German. In general, we recommend that you take the exam in the language of the official literature. When you register for the exam, you can choose the language of the exam and the language of the eBook.

You will receive a voucher for the online exam via email from PeopleCert a few days before the course starts. The exam voucher must be redeemed directly with PeopleCert, where you can register for an available exam date. The online exam is proctored by a PeopleCert proctor, which requires a device with a microphone and camera.

For more information about the exam, please visit the PeopleCert website [here](#).

Format: 40 multiple-choice exam questions, duration: 1.5 hours, pass rate: 70%, closed book

«Take2» option:

This option allows you to retake the exam at a lower price if you do not pass. The retake exam takes place **online**. If required, you can book this option independently in your PeopleCert candidate profile before booking the exam. You have up to 6 months from the date of the first exam to prepare and take the retake exam.

The «ITIL® 4 Drive Stakeholder Value» certification is one of the prerequisites for becoming an ITIL® 4 Managing Professional.
