Exam preparation CAPM®/PMP® («PMI»)

The CAPM®/PMP® seminar is the optimal preparation for the CAPM®/PMP® certification of the PMI. You will receive an understandable overview of the PMBOK Guide® 6th Edition as well as all exam-relevant topics.

Duration: 5 days
Price: 4'900.–
Course documents: Digital course materials

Content

- Projects and Project Management
- Agile and classic process models
- Exam preparation and registration
- The PMBOK Guide
- Projects and their environment
- The role of the project manager
- Integration management in projects
- Content and scope management in projects
- Schedule management in projects
- Cost management in projects
- Quality management in projects
- Resource management in projects
- Communication management in projects
- Risk management in projects
- Procurement management in projects
- Management of project stakeholders

Key Learnings

- Knowledge of the methodology, terminology and approach represented by the PMI® (Project Management Institute) and its members
- Verification of 35 Contact Hours of Project Management Education (35 «theory lessons» with discussion of the nine knowledge areas of project management as a prerequisite for admission to the examination)

Methodology & didactics

Impulse presentations and exercises on the individual chapters of the PMBOK.

Target audience

Experienced project managers who intend to be certified as CAPM®/PMP® and who meet the examination admission requirements.

Certification

The exam is not part of the course. Please register individually for the exam via an authorized test center. Please note that experience has shown that a few more weeks of self-study should be planned between the course and the exam. Further information can be found in the PMP® manual.

Further courses

- PMBOK & Agile: Better together («PMIAG»)
- PRINCE2® 7 Practitioner («PRPK»)
