Target audience

This course is aimed at executives, project management officers (PMOs), product and solution managers, RTEs as well as enterprise architects.

Requirements

There are no prerequisites for this course. We recommend first experiences with SAFe analogue to the following course:

- [Leading SAFe 6.0 \(SA\) \(«LDSAFE»\)](#)

Certification

After participating in the «Lean Portfolio Management» course, you get access to the exam. The login is valid for 30 days.

Upon passing the exam, the participant will receive the «SAFe® Lean Portfolio Manager» certification from the Scaled Agile Academy.

Exam format: Web-based, closed book, no outside assistance, questions: 45 (multiple choice), pass rate: 32 out of 45 (71%), duration: 90 minutes.

The examination is held in English.

Experience has shown that seven to ten hours of independent study are required to successfully pass the exam. Our trainers will prepare you optimally for the course and will also be on hand to answer your questions afterwards.

Additional information

Trainings in German and English are conducted by our training partner *AgileMinds*.

Trainings in French are conducted by our partner *Ahead Technology*.
