TOGAF 9.2 Update («INFTOG»)

TOGAF has been the general standard for enterprise architecture for several years. Learn all about the new 9.2 update this evening. Furthermore, the integration of other methods like Prince2® or Agile will be discussed.

Duration: 2 hours
Price: 20.–

Content

The program

5.45 pm to 6.00 pm: Welcome
Get to know other interested parties and your specialist over a welcome drink.

6.00 pm to 7.00 pm: Welcome and presentation

- The value of enterprise architecture and TOGAF in the establishment of architecture practice
- Update TOGAF 9.2
- How to combine Enterprise Architecture and Project Management (for example with Prince2® or other PM methods)
- How to combine Enterprise Architecture and Agile Development
- What skills does an enterprise architect need?
- The content of the four-day TOGAF course and the exam: What is taught and what is not?
- Discussion

The presentation will take place in German, the documentation is only available in English.

After this information evening, you are cordially invited to a networking aperitif.
